We welcome you inviting you to take a walk around the heart of the city: the **Obelisco Area**, the **Picasso District** and the **Historic Quarter**.

The lively shopping streets are the shop windows of famous Galician fashion and the leading national and international brands. Accessory, handicrafts, jewellery, souvenir, antiques, perfume or decoration shops.

An outdoor shopping centre where you can combine shopping with a visit to the most interesting places in the city and tasting our gastronomy in restaurants, wine bars, tapas bars or cafés.

You will get a taste of the city's life with a wealth of detail.

TOWER OF HERCULES

## Shopping route

The entire centre is the shopping area in the city, but **Calle Real** and its surroundings (Obelisco Area) and the **Lugo Square** and its surroundings (Picasso District) are the shopping areas par excellence.

You can find the top name brands in fashion and accessories in the streets around Lugo Square: **Juan Flórez**, **Paio Gómez**, **Padre Feijoo**, **Teresa Herrera**... amid a big variety of exclusive shops. If what you are looking for is jewellery we recommend **Calle Real** and the surrounding streets where the city's oldest jewellers and shops coexist with the trendiest fashion and bar and restaurant chains and franchises. You can also buy tasty products from our gastronomy in this area in shops that conserve the charm and taste of the city's yesteryears.

Around **María Pita** you will find small souvenir and handicrafts shops and a little further away, the Historic Quarter offers you the opportunity to buy articles that you can only find in its antique shops.

## Gastronomic route

All the corners of the city have places to enjoy our gastronomy, and if you want go to them all follow the routes marked by the streets with wine bars. In the traditional streets, **San Xoán**, **Franxa**, **Galera**, **Olmos** or **Barreira**, in the Obelisco Area, you will find bars to try the most traditional tapas and wines (Ribeiro or Albariño). The **Estrela** and **Troncoso** streets combine these tastes with glimmers of new cuisine in modern wine bars with a choice of wine lists.

The most recent offer of wine and tapas bars is assembled around the Vigo Square and the Lugo Square, in **Pardo Bazán**, **Padre Feijoo** or **Paio Gómez** streets.

In these areas, tapas will be a good advance of what you can find later in the city's restaurants, and as variety is the spice of life, you can taste all the styles with the guarantee of our raw materials: fresh and top quality fish, meat, fruit and vegetables.

The **María Pita Square** and the **A Mariña Avenue** have many cafés and outdoor seating areas where you can peacefully enjoy a nice cup of coffee or a beer from the well-known local brand: Estrella Galicia.
